On every double page with pictures, there is a little yellow duck to look for. Can you find it?

About this book

This book provides a fun and engaging way for beginners to learn Arabic. On most of the pages, large, colorful panoramic scenes are surrounded with small pictures labeled with their names in Arabic.

Each Arabic word is also written in Roman letters, to show you how to pronounce it.

Reading the words while looking at the pictures will help you remember them, and you can test yourself by looking for and naming the objects in the panoramic scenes. You can even practice forming simple sentences to talk about the pictures.

At the back of the book there is a guide to the Arabic alphabet and a list of all the Arabic words with their pronunciation guides and meanings in English. Arabic is written from right to left and there are several sounds for which there are no equivalents in English. The pronunciation guides will help you, but the best way to learn how to say the words is to listen to a native Arabic speaker.

Arabic alphabet and word list

In the list on the opposite page you will find all the words in this book in the alphabetical order of the English words. Next to each English word is the number of the page on which it appears, and the Arabic for that word written in Roman letters to show you how to pronounce it. The Arabic words written in Arabic letters are shown on the right. Remember, Arabic is read from right to left.

There are twenty-eight letters in the Arabic alphabet. These are mostly consonants as the vowel sounds (e.g. 'a' or 'u') are shown by signs called *harakat* above or below the letters.

Here are the harakat for the vowel sounds:

fatha (a short line above the word) This gives an 'a' sound pronounced as in 'sun'.

damma This gives the 'u' sound pronounced as in 'soot'.

_ kasra (a short line below the word) This gives the 'i' sound pronounced as in 'sit'.

There are two other harakat:

- sukoon to show there is no vowel sound
- shadda for stressing the letter sound

THOUSAND WORDS

فراشة farasha

عىش ush"

This bright and amusing book provides a perfect starting point for beginners of all ages to learn Arabic. Panoramic pictures of everyday scenes are surrounded by small pictures with their names in Arabic. Each Arabic word is also written in Roman letters to show you how to pronounce it. The association of the words and pictures provides a simple and effective way to learn new vocabulary, while the panoramic scenes provide opportunities for talking about the pictures and forming simple sentences.

INARABIC

At the back of the book there is a guide to the Arabic alphabet and a list of all the Arabic words with their pronunciation guides and meanings in English. With delightful pictures by Stephen Cartwright, this is a fun and engaging way to learn a new language.

This book is also available in other foreign languages. Look out for:
